A.L.ROBINSON BUILDING

INTRODUCTION

A.L.Robinson Building Ltd is a building company based in Middlesbrough that covers all aspects of building throughout the North East. Adam Robinson himself, who has had vast years of experience in the trade, has built the business up to be the established, successful workforce that it is today.

A.L.Robinson building undertakes a broad area of work; it deals with a range of projects in most sectors including, Commercial, Domestic, Industrial, Insurance and Corporate.

A.L.Robinson building is committed to providing the highest standard of work throughout all work undertaken at a competitive price, offering quality workmanship, second-to-none customer care and building performance excellence. This has allowed the company to become an established workforce that gains the majority of its work through recommendations. The reputation of A.L.Robinson building has been built by providing the uppermost standards of craftsmanship on every project, from it's reliable, honest and hardworking workforce. The company ensures that customers can expect each job to be individually tailored to their specific needs from start to completion and in doing so have built strong relationships with their customers over the years. A.L.Robinson building endeavour to go the extra mile to ensure that all of their customers are satisfied with the work that has been carried out and their finished product meets their exact requirements.

All projects are carried out to a high, professional standard, which can be attributed to the following reasons.

- Experienced staff embrace the rigorous requirements of each individual client and their needs are understood, interpreted and developed in order to provide an excellent service in which the client will be more than satisfied.
- A.L.Robinson building provides an honest, hardworking and professional workforce, with staff on board the team who are experienced in all aspects of the trade.
- A.L.Robinson building is well known in most regions of the North East. They have taken on a range of subcontractors, such as joiners, plumbers and electricians, enabling broader areas of work to be undertaken.
- The business also takes pride in its apprenticeship scheme, in which apprentices work alongside experienced members of the company, whilst having hands on experience learning the trade.

The team are highly skilled and experienced, ensuring that the best customer service is provided to each individual client. The company have the equipment and vehicles necessary to take on a wide range of jobs in all areas of the building profession.

The company carries out the majority of its work throughout the North East region. However, A.L.Robinson building try their best to meet customer's needs and requirements and therefore their work range is nationwide depending on the contract.

SERVICES

EXTENSIONS

Building an extension can be costly which is why A.L.Robinson Building aims to complete building work on time and within budget, using high quality materials and workmanship.

We can build all types of extensions meeting your requirements. From a small kitchen extension to a large multi storey extension we have the resources and construction team to build it. We can arrange everything from planning drawings to the final decoration with experienced tradesmen carrying out all work.

LOFT CONVERSIONS

There are a number of different designs available for loft conversions depending on the existing roof construction and the budget of the customer. Below are some of the types of conversions we specialise in

A.L. Robinson Building undertakes many plastering projects of varying sizes that are carried out by highly skilled tradesmen with vast years of experience. We undertake in floor screeds, rendering and wall and ceiling plastering to both residential and commercial sectors.

With our ongoing policy to keep up to date with modern materials we now offer a range of thermal screeds & high performance concretes, far out performing traditional products.

We can assist in designing & tailoring the correct products for the specific needs of our clients.

TESTIMONIALS

Extensions

"The workmen were very cheerful and reliable and the extension was completed to a very high standard. I would definitely employ this firm again".

Mrs Bose, August 2011

"Excellent work all round, the repairs to the garage and dormer roofs on our house were excellent. The workmen were very professional and hard working. I would definitely recommend A.L. Robinson Building and will certainly be using them in the future".

Mr Elison, June 2012

Kitchen Fitting

"We had a new kitchen installed, including the laying of a new floor, building of a new larder cupboard and tiling. I would recommend Adam and his team, they are a really decent, hard-working team and have done a 1st class job. Adam runs a very tight ship - he does this through teamwork and with honest, well-managed individuals. Adam is a top class guy who is not afraid of hard graft".

Mr Fillystone, January 2012

Bathroom Fitting

"We had a complete new bathroom fitted which included a new toilet, sink, shower, floor and wall tiles and plumbing throughout. The work done was excellent. They were a good bunch of hard working lads and were very tidy in their work".

Mr Edwards, December 2011

Joinery

"Thank you for your hard work in removing and replacing my garden fence. Your company was very professional and always clean and tidy. Good clean job"

Mr Findlay, October 2011

Flood Damage

"Thank you so much for the excellent work yourself and your team have done to my mothers property following the flood damage – it is a total transformation! We are very pleased with the results. Nothing has been too much trouble for you and your advice and guidance has been much appreciated. I would have no hesitation in recommending you to others. Thanks Again".

Mrs Byrnes, March 2012

Landscaping

"A.L. Robinson carried out works to my garden which included the building of sand stone walls and laying of new tiles, paving slabs and gravel. I would recommend this hardworking company to anyone".

Mr Lowe, January 2010

"The rebuilding of boundary walls around my house was completed in a very short space of time. The work was of an excellent standard and it was nice to see some experienced men and workmanship".

Mr Davids, December 2011
